September 21, 2020

Dear valued patient,

It has been a pleasure to provide your dental health care over the years; however I have decided to take a leave from dentistry and transfer my practice to Dr. Nicole Tripp, DDS. She will be re-opening the practice mid-September and is very much looking forward to meeting you and your dental needs. Over the next couple weeks, our office will be reaching out to assist with scheduling. There will also be same day appointments available to address emergent and urgent needs.

Dr. Nicole Tripp is passionate about her patients and assisting them in meeting their dental health goals. Her laid back and caring demeanor promotes a relaxing experience while in the dental chair. She loves getting to know her patients and helping them create a healthy smile they are confident showing off.

Dr. Tripp grew up in New Brighton, Minnesota. She graduated from the University of Minnesota-Duluth with a degree in Biology, before receiving her Doctor of Dental Surgery from the University of Minnesota School of Dentistry. Dr. Tripp loves to advance her dental knowledge through continuing education courses with Spear, Invisalign and the University of Minnesota. She is a member of the American Dental Association, Minnesota Dental Association and active in the Spear Study Club.

Dr. Tripp lives in Greenfield with her husband, Brian, and daughter, Rylie. When they aren't busy following Rylie around the house, they enjoy the outdoors, DIY home projects, and spending time with their two dogs, Jackson and Ellie.

Please do not hesitate to contact the office with any questions or to schedule your next appointment. The office number will remain **320-963-3794**. I would like to take this opportunity to thank you for your trust and confidence in permitting me to take care of your dental needs through the years. I have taken great effort to find someone who can uphold the high quality of service that patients have appreciated and I know that Dr. Tripp will continue to promote this high standard of care.

Sincerely,

Dr. Dennis Quinlan, DDS

Dr. Nicole Tripp, DDS
